

AVANT

DISCOVER THE HEALING POWER OF LASER THERAPY

Tuesday, January 21st, 2025

6:30 PM PST

Cohn Health Institute

DR. RICK AMY
THE LASER DOC

ANDY HEWITSON
AVANT FOUNDER

Level Up Your Practice

Join us on Tuesday, January 21, 2025, at the Cohn Health Institute for a transformative evening as part of Dr. Cohn's BioStacking Summit!

The evening features an educational presentation by Dr. Rick Amy, also known as "The Laser Doc," from 6:30-7:30 PM PST followed by a Q&A Session.

Dr. Rick Amy will unveil the benefits of photobiomodulation therapy (PBM), highlighting its applications for neuropathy and neuroregeneration.

Can't Attend In-Person?

Don't worry! The event will be live-streamed on the BioStacking Summit 3.0.

Ticket Information

Tickets are \$35. The ticket price includes light refreshments courtesy of Salt Horse, as well as exclusive giveaways. Tickets are transferable. **Open to all healthcare practitioners.**

Discover Avant Lasers

Meet Andy Hewitson, founder of Avant Laser Technologies, as he shares his mission, vision, and the inspiration behind creating Avant's innovative lasers.

Backed by years of research, this session highlights how Avant's pocket-sized LZ30 lasers provides relief for conditions like arthritis, neuropathy, and injury recovery, all from the palm of your hand.

Discover how the Avant LZ30's precision, versatility, and safety can elevate your practice and enhance patient care with advanced light therapy technology.
